Programming

Personal Skills

Projects

02/13

Web design

IEEE

Designed and developed a website for IEEE's event AISYWC. Data validation and animations were done using JavaScript for the most parts and design care was taken by Bootstrap and CSS

01/12

Web Development

TCO

Developed a gitter room extension at Topcoder's regional event for chrome browser. HTML, CSS, JS and react were the main components of our team.

06/10

Part-time collaboration

LNMIIT

Has solved some major CSS and PHP bugs in wordpress templates asked by freelancer's clients.

Webmaster

LNMIIT

Designed and developed LNMIIT's student branch website for IEEE chapter which again used HTML, CSS, Bootstrap, JS and JQuery.
